Mossman Neighborhood Annual party.

Potluck, climbing wall, cakewalk, games, music and fun!

Please support your Mossman Neighborhood Association

Our treasurer is **Charlotte Mobarack**. Her phone number is 615-7228 and her mailing address is 3425 California NE. Charlotte can provide you with a receipt for your contribution.

We accept donations of all amounts but request \$7 per household annually. We are all volunteers, but donations pay for newsletter printing, Summer neighborhood party, annual meeting and other neighborhood supported get togethers.

We are **always** in need of volunteers to help with small projects all though the year. If you haven't already signed up, please call **Lori Jameson** at **306-1069** so she can add your name.

Montgomery Complex Update

Albuquerque Public Schools is building a modern Teacher Training facility on the corner of Louisiana and Comanche at the East end of the Mossman Neighborhood. Although the process is probably painful for the residents on East Mossman Place, we are very excited to see this land developed.

The Mossman Neighborhood Association is working with APS to keep the weeds and debris under control. If you see that there is an issue with weeds, now while construction is underway or at any time in the future, please let Lori Jameson know so that she can contact APS on our behalf. 306-1069 or jamesonlr@outlook.com.

Remember, the bond money used for this project or for other Albuquerque Public School's buildings can not be used for books or salaries. We are excited that after many years of the Mossman Neighborhood Association working with APS on various proposals, a beautiful building and linear park will be added to our neighborhood.

Watch for school zones Slow down!

Neighborhood Census and Email list

Mossman Neighborhood representatives are door to door collecting names and email addresses for our neighborhood contact and email list. Your information will never be shared outside of the neighborhood or used for any type of advertising. We hope that everyone will provide their information so that we can keep in touch via email. Mossman emails will come from

MossmanNeighborhoodAssociation@gmail.com.

To be included or if you are already on the email list and need to change your contact information, please email your name(s), email address(s), street address and phone number to the email address above or call Lori at 306-1069.

If you are new to the neighborhood, PLEASE let us know!

News from the City:

Know the Difference Between 911 and 242-COPS

The Office of Neighborhood Coordination has a video training on their YouTube channel to help you know when to call 911 and when to call 242-COPS. Watch the video here at https://www.youtube.com/watch?v=C-yeUysk_1U&t=3s.

Ideas for Home Safety in the Summer

- Keep your door locked at all times. It's such a simple thing to do that often, we forget to do it. But most crimes are crimes of opportunity, so if your door is locked, it's one less way for a thief to gain entrance.
- In the spring and summer, remember to keep your garage doors closed and locked, and if possible, keeping windows closed too.
- If you have a swamp air conditioner cooler that works with slightly opened windows, remember to close your windows and lock them when you leave your residence.
- Get to know your neighbors, and keep an eye out for each other. Residential burglaries often happen during the day when many people are at work, so having a good relationship with at-home neighbors is a good idea.
- If you live in a house with shrubbery and bushes around the exterior, keep them trimmed so that they don't cover windows and make it easy for someone to break in.
- If you're going out of town for longer than a week, have your mail picked up by a trusted neighbor or have it held by the post office; and have your newspaper delivery temporarily stopped. Don't post photos of your vacation on social media until you get home. This is another indicator that your house is empty.
- Keep an eye out for strange cars parked in your neighborhood, or if you see the same unknown people walking or driving by your home. Often, these are people "casing" your home to see if they can break in.
- If possible, install a metal safety door. If you have a door with a peephole, use it each someone knocks on your door.
- Inspect your smoke and carbon monoxide detectors every 6 months to ensure the batteries are charged. A good rule is in conjunction with the spring and autumn time changes.
